Education is not just about filling a bucket, but lighting a fire. School activities and the academic calendar are the tools that stoke that fire, enriching students' minds and preparing them for the world beyond the classroom."

DAV Odisha Zone Reading Initiative – DROP (Drop Everything and Read)

As per the directives of the Hon'ble Regional Director, DAV Public Schools, Odisha Zone, there will be a reading period every week. We have fixed Tuesday (Zero period) in our school as the reading period with the notion 'SCHOOL READS'. During this time all the students and staff members will read any book, borrowed from the library or of their own and enhance their knowledge and outlook. No outsiders are allowed to enter into the school campus during this time. Looking into the benefits of reading, and the declining trend in reading habit due to electronic gadgets and Social Media, the initiative holds immense significance for a revival of reading habit.

No school can work well for children if parents and teachers do not act in partnership on behalf of the children's best interests.

SCHOOL COMMITTEES

There are many committees at DAV PS, MCL, JA to deal with specific areas of school life. Each committee has a head member who reports to the principal, and conveys his/ her thoughts to the other members. Committees meet as required so that the members are in communication with each other on all emerging matters. No school can work well for children if parents and teachers do not act in partnership on behalf of the children's best interests.

Membership of a staff committee is a serious responsibility and requires the energy, efforts and imagination of all its members throughout the year. The Committees meet regularly to plan how they can help in the smooth running of the school and safeguard the interests of the children, especially safety and security during the year. All committees seek to involve other staff and the students in their activities, as required.
